	01/03/2020

1. What is this product about?

Mortgage Reducing Term Takaful (MRTT) is a Family Takaful protection plan designed to cover your mortgage obligation should death or total and permanent disability (TPD) happens to the person covered within the cover period.

2. What are the Shariah concepts applicable?

The obligations to pay contributions and receive benefits, are on the basis of Tabarru'. Tabarru' enables a participant to fulfil an obligation of mutual help and joint guarantee.

We are appointed as the Takaful Operator under a Wakalah structure. A Wakalah structure is an agency relationship between two parties. The Wakalah fee is paid to us to cover the costs of distributing and managing the plan.

The single contribution less Wakalah fee will be paid into the Participants' Risk Fund (PRF). Underwriting surplus arising within the PRF, may be distributed according to the surplus policy approved by Our Shariah committee. 50% of any distributed surplus will be shared amongst the persons covered with in-force certificates of takaful, who have not made any claim within the financial year. The remaining 50% to be paid to us for operating and managing the PRF, based on the contract of Ju'alah. Ju'alah is a wage contract that specifies the share of the distribution of surplus on this basis.

The distributed surplus shared to the person covered is accumulated within a segregated fund. 85% of any investment profits on the segregated funds will be shared amongst the persons covered with in-force certificates, and the remaining 15% to be paid to Us, based on the contract of Mudarabah. Mudarabah is a mutual contract between Us and the persons covered for the investment profit or losses. The segregated fund is paid together with the benefits, on expiry of the certificate of takaful, or should the person covered notify Us and the participant at any time prior to expiry of the certificate and the amount requested is at least RM 500.
